Eng. Motaz Raslan,  
Chairman,  
Canada Egypt Business Council,  
82, El Marghany St.,  
6<sup>th</sup> Floor,  
Heliopolis 11341,  
Cairo, Egypt

Dear Eng. Motaz:

Congratulations to you, your Board of Directors, Staff and Council Members for another successful year building business and personal connections between Egypt and Canada.

The Canadian International School of Egypt has appreciated the efforts of CEBC to develop further, positive working relationships between our two countries. As you have succeeded in making people more aware of the importance of these relationships you have increased the potential for the Canadian International School of Egypt to be seen as an educational bridge between Egypt and Canada.

Our school graduates the academic, social, political and business leaders of tomorrow's Egypt. Our on-going relationship with CEBC is one of the contributors to our efforts to educate those young men and women who will, in the future, be citizens of the world of course, but first, citizens of Egypt and friends of Canada.

Keep up the good work.

Sincerely,

Gregory Cosgrove,  
Director
