*A real revolution is taking place in the pre-university education development file in the current period, as the government has adopted an ambitious strategy and took bold steps to reform and develop a new education system which can help in building a generation who is capable of innovation and creativity, and can really contribute to achieving sustainable development.*

*During the recent period, we witnessed a radical change in this system & features of development, where the upgrading of the educational process began to appear. However, there are still some challenges that limit the kickoff of the train of educational development in Egypt.*

*In this context, Canada Egypt Business Council and the Egyptian Business Council for International Cooperation will hold its next forum which brings together*
