

Egypt has succeeded in transforming the file of electricity and energy from a crisis that has threatened the economy over the past years, to a comparative advantage that can drive sustainable development efforts, through the adoption of ambitious strategies based on the expansion of projects & power plants to meet the growing needs of citizens, as well as large projects for the purpose of supporting the plans of the Egyptian economy towards starting off.

In this context the CEBC & ECIC have the pleasure to cordially invite you to its upcoming event with:

H.E.
Dr. Mohamed Shaker

Minister of Electricity and Energy

To discuss the topic:

“Electricity & its Role in Supporting Economic Development Plans”
