FOR INTERNATIONAL COOPERATION

Food security stands at the forefront of Egypt's national security priorities, highlighting the vital role of the agricultural sector as one of the strategic pillars for ensuring economic and social stability. In this regard, Egypt has adopted ambitious plans and strategies to enhance local production, expand land reclamation projects, and support investment partnerships aimed at achieving self-sufficiency and sustainability.

However, current regional developments have led to increasing challenges related to supply chains and food security, which may have an impact on strategic commodity reserves and contribute to rising prices. In this context:

Eng. Motaz Raslan

Chairman of the Canada Egypt Business Council and the Egyptian Business Council for International Cooperation, has the honor of inviting you to a seminar held in honor of:

H.E. Alaa Aldin Farouk

Minister of Agriculture

Moderated by:

Eng. Abdel Salam El Gabaly

Former Chairman of The Agriculture and Irrigation Committee at the Senate

Under the topic:

“Egypt’s Agricultural Strategy in Face of Current Challenges”
