

The government contributes to making the appropriate decision over the years to prepare the investment environment, by amending many factors that affect many and seek to achieve an attractive climate and stimulate investment in Egypt. However, despite all this investment, the climate still suffers from some obstacles and problems that interact with investors and the business community, most notably the high interest rate and its impact on the price of coal, in addition to tax challenges, which requires follow-up to remove these challenges.

In this context, Canada Egypt Business Council and the Egyptian Business Council for International Cooperation will hold its next forum

With:

## H.E. Eng. Hassan El-Khattib

Minister of Investment and Foreign Trade
